### Medication Refill Process

In order to best serve all patients, we request that you not stop in the clinic for a refill without a scheduled appointment. Patients needing a refill must schedule an appointment at least **24 hours** prior by going online or calling the main office at

**1-888-492-8722.**

When making an appointment, please list which medication(s) you need refilled. You must schedule an appointment with your provider every 6 months for ongoing conditions that require medication management.

Please note: This is the list of medications that are available at both the MSD NP Clinic and the Mt. Vernon Health & Wellness Center. Although you may not see your exact medication on this list, there is likely something that is similar that could also treat your medical condition.
